

## Typical Hardware Spec-Sheet for:

### Salice 120 Degree Euro Hinge and Clip-on 2mm Mounting Plate

The Salice series 200 make up an integrated system of hinges developed to provide a solution to any situation involving concealed hinges. These hinges are equipped with independent and compensating adjustments, and have a 120 degree of opening. These hinges also have a lifetime warranty!

The corresponding mounting plate, like the hinge, is die-cast and has a nickel plated finish. The height on this mounting plate is 2mm.
